

tesseract_examples
/include/tesseract_examples
/freespace_ompl_example.h

```
graph BT; A["tesseract_examples  
/src/freespace_ompl_example.cpp"] --> B["tesseract_examples  
/include/tesseract_examples  
/freespace_ompl_example.h"]; C["tesseract_examples  
/src/freespace_ompl_example_node.cpp"] --> B;
```

The diagram illustrates the relationship between three files in the tesseract_examples directory. At the top is a header file, /include/tesseract_examples/freespace_ompl_example.h, which is shaded gray. Below it are two source files: /src/freespace_ompl_example.cpp on the left and /src/freespace_ompl_example_node.cpp on the right. Both source files have blue arrows pointing up to the header file, indicating that they include it.

tesseract_examples
/src/freespace_ompl
_example.cpp

tesseract_examples
/src/freespace_ompl
_example_node.cpp
