

tesseract\_planning  
::OMPLPlannerConfigurator

```
graph BT; A[tesseract_planning::TRRTConfigurator] --> B[tesseract_planning::OMPLPlannerConfigurator];
```

The diagram illustrates an inheritance relationship between two C++ classes. A light blue box at the top represents the base class, `tesseract_planning::OMPLPlannerConfigurator`. A dark gray box at the bottom represents the derived class, `tesseract_planning::TRRTConfigurator`. A blue arrow points from the derived class box up to the base class box, indicating that `TRRTConfigurator` inherits from `OMPLPlannerConfigurator`.
