

tesseract_motion_planners
/descartes/include/tesseract
_motion_planners/descartes
/deserialize.h

```
graph BT; A["tesseract_motion_planners  
/descartes/src/deserialize.cpp"] --> C["tesseract_motion_planners  
/descartes/include/tesseract  
_motion_planners/descartes  
/deserialize.h"]; B["tesseract_motion_planners  
/test/serialize_test.cpp"] --> C;
```

A diagram illustrating the relationship between source files and a header file. At the top is a grey box containing the header file path: `tesseract_motion_planners/descartes/include/tesseract_motion_planners/descartes/deserialize.h`. Below it are two white boxes. The left box contains the source file path: `tesseract_motion_planners/descartes/src/deserialize.cpp`. The right box contains the test file path: `tesseract_motion_planners/test/serialize_test.cpp`. Two blue arrows point from the bottom of each white box to the bottom of the grey box, indicating that both source files include or depend on the header file.
