/descartes_vertex_evaluator.h

```
graph TD; A["tesseract_motion_planners  
/descartes/include/tesseract  
_motion_planners/descartes  
/descartes_vertex_evaluator.h"] --> B["tesseract_common/macros.h"]; A --> C["Eigen/Geometry"]; A --> D["memory"];
```

This diagram illustrates the dependencies of the header file `tesseract_motion_planners/descartes/include/tesseract_motion_planners/descartes/descartes_vertex_evaluator.h`. Three blue arrows point from the header file box to the boxes representing its dependencies: `tesseract_common/macros.h`, `Eigen/Geometry`, and `memory`.
