

ProfileBase

```
classDiagram
    ProfileTest --|> ProfileBase
```

A UML class diagram illustrating inheritance. The class 'ProfileBase' is at the top, represented by a white rectangle with a black border. The class 'ProfileTest' is at the bottom, represented by a gray rectangle with a black border. A blue arrow points from the top of 'ProfileTest' to the bottom of 'ProfileBase', indicating that 'ProfileTest' inherits from 'ProfileBase'.

ProfileTest
