

tesseract_task_composer
/include/tesseract_task
_composer/nodes/error_task.h

```
graph BT; A["tesseract_task_composer  
/src/nodes/error_task.cpp"] --> C["tesseract_task_composer  
/include/tesseract_task  
_composer/nodes/error_task.h"]; B["tesseract_task_composer  
/src/task_composer_task  
_plugin_factory.cpp"] --> C;
```

The diagram illustrates a dependency structure where two source files, `error_task.cpp` and `task_composer_task_plugin_factory.cpp`, both include the header file `error_task.h`. The header file is located in the `tesseract_task_composer/include/tesseract_task_composer/nodes/` directory, while the source files are in `tesseract_task_composer/src/nodes/` and `tesseract_task_composer/src/task_composer_task_plugin_factory.cpp` respectively. Blue arrows point from the source files to the header file.

tesseract_task_composer
/src/nodes/error_task.cpp

tesseract_task_composer
/src/task_composer_task
_plugin_factory.cpp
