```

The diagram illustrates a dependency structure where two source files, `deserialize.cpp` and `serialize_test.cpp`, both include the header file `deserialize.h`. The header file is located at `tesseract_motion_planners/ompl/include/tesseract_motion_planners/ompl/deserialize.h`. The source files are located at `tesseract_motion_planners/ompl/src/deserialize.cpp` and `tesseract_motion_planners/test/serialize_test.cpp` respectively. Blue arrows point from each source file to the header file, indicating the include relationship.
