The diagram illustrates the relationship between three source files in the Tesseract task composer. At the top is a header file, 'tesseract\_task\_composer/include/tesseract\_task\_composer/nodes/error\_task.h', which is shaded gray. Below it are two source files: 'tesseract\_task\_composer/src/nodes/error\_task.cpp' on the left and 'tesseract\_task\_composer/src/task\_composer\_task\_plugin\_factory.cpp' on the right. Both source files have blue arrows pointing upwards to the header file, indicating that they include this header.
