

tesseract_task_composer
/include/tesseract_task
_composer/nodes/check_input_task.h

```
graph BT; A["tesseract_task_composer/src/nodes/check_input_task.cpp"] --> C["tesseract_task_composer/include/tesseract_task_composer/nodes/check_input_task.h"]; B["tesseract_task_composer/src/nodes/simple_motion_pipeline_task.cpp"] --> C;
```

The diagram illustrates a header file inclusion relationship. At the top is a gray box representing the header file: `tesseract_task_composer/include/tesseract_task_composer/nodes/check_input_task.h`. Below it are two white boxes representing source files. The left box is `tesseract_task_composer/src/nodes/check_input_task.cpp` and the right box is `tesseract_task_composer/src/nodes/simple_motion_pipeline_task.cpp`. Blue arrows point from each source file box up to the header file box, indicating that both source files include this header.

tesseract_task_composer
/src/nodes/check_input
_task.cpp

tesseract_task_composer
/src/nodes/simple_motion
_pipeline_task.cpp
