

tesseract\_examples  
/include/tesseract\_examples  
/freespace\_hybrid\_example.h

```
graph BT; A["tesseract_examples  
/src/freespace_hybrid_example.cpp"] --> C["tesseract_examples  
/include/tesseract_examples  
/freespace_hybrid_example.h"]; B["tesseract_examples  
/src/freespace_hybrid_example_node.cpp"] --> C;
```

A diagram showing the relationship between three files. At the top is a gray box containing the header file path. Below it are two white boxes containing source file paths. Two blue arrows point from the source files up to the header file, indicating that both source files include the header.

tesseract\_examples
