The diagram illustrates a dependency structure where two source files, 'deserialize.cpp' and 'serialize\_test.cpp', both include the 'deserialize.h' header file. The header file is located at 'tesseract\_motion\_planners/descartes/include/tesseract\_motion\_planners/descartes/deserialize.h'. The source file 'deserialize.cpp' is located at 'tesseract\_motion\_planners/descartes/src/deserialize.cpp', and the test file 'serialize\_test.cpp' is located at 'tesseract\_motion\_planners/test/serialize\_test.cpp'. Blue arrows point from each source file to the header file, indicating the include relationship.
