

tf::ObserverInterface

```
graph BT; TestObserver --> tf::ObserverInterface
```

A UML class diagram showing a relationship between two classes. The class 'tf::ObserverInterface' is represented by a white rectangle with a black border at the top. The class 'TestObserver' is represented by a gray rectangle with a black border at the bottom. A blue arrow points from the top of 'TestObserver' to the bottom of 'tf::ObserverInterface', indicating inheritance.

TestObserver
